## A View from Ryedale House

There is some light at the end of the tunnel for those areas suffering from slow broadband connections. SFNY at North Yorkshire County Council recently received additional £12million pounds of funding. It could however take up to 2018 for the programme to be completed by SFNY and BT and even then some of the more remote areas within Ryedale may not benefit.

Separately the government has been operating a scheme that provides grants of up to £3,000 for all types of businesses including farms, tourism, sole traders and social enterprises. In collaboration with City of

York through Digital York we have been able to extend this scheme to cover test areas in within the Wolds that currently do not have access to fibre broadband.

Wireless broadband will be used and LN Communications limited has been selected as the provider. It is a requirement that businesses register for the grant which closes in October. Time is short so please contact me should you require additional information.

Once wireless broadband is in operation, households will be also be able to access the service, however, there will be a connection charge and further details to follow.

The trial postcodes are YO17 8BN – Duggleby; YO17 8DB Kirby Grindalythe, YO17 8HP Wintringham, YO17 9TG & YO17 9LS Thixendale and YO17 8LU Thorpe Bassett.

With respect to roads, I have had a preliminary meeting at North Yorkshire County Council and am currently talking to a mobile telephone mast operator. More to follow in my next report.

### FREE SOLAR PANELS FOR RYEDALE RESIDENTS

Yorkshire Energy Partnership and Ryedale District Council have teamed up to offer free solar panels to Ryedale residents. The scheme, which is the first of its kind in the area, is funded by a private investor who re-coup their investment through the government backed feed in tariff scheme. Residents benefit from the free electricity provided by the solar panels.

Solar photovoltaic panels use daylight to generate electricity for your home and can reduce your electricity bills by £300 a year.

We can also provide advice on other renewable technologies such as ground and air source heat pumps which can provide heat for your home and qualify for the Renewable Heat Incentive payments from the Government.

EVENT DETAILS Tuesday 6<sup>th</sup> October, 3pm until 7pm at Weaverthorpe Village Hall, Main Street, Weaverthorpe.

To find out if your property is suitable or for more information contact Yorkshire Energy Partnership on 01904 545020

or visit our website [www.yorkshireenergypartnership.org.uk](http://www.yorkshireenergypartnership.org.uk)

We can also discuss community renewable energy options with members of the communities in the area they can contact us or visit the event. Renewable options that are usually best considered are heat pumps and solar panels which are a fantastic way to provide community buildings with cheaper energy and to raise money for local projects, as community groups are eligible to receive non-domestic RHI and Feed-in Tariff payments.

Or a group of householders with south facing roofs could perhaps look at group buying for PV.

If you would like to know about the renewable energy options for a community building or community-owned project, please contact Harriett Richardson at YEP on 01904 545025.

With our current total at £ 1714.50 we could reach a new total of £ 2127.50 with the matched funding! Together We Care, Learn and Grow

**Butterwick  
& Foxholes**

**Success for Scarecrow Festival  
in Butterwick and Foxholes.**

Our first Scarecrow event was a brilliant success. Thank you  
to everyone who participated. Villagers, both young and old,  
really went to town and produced some excellent scarecrows  
on the theme of nursery rhymes. We had Incey Wincey,  
Humpty Dumpty, Mary Mary amongst the contenders for the  
favourite. The narrow winner, voted by the public, was Two  
Little Dicky Birds. [Fly away Peter, Fly away Paul].  
Congratulations to Lizzie.

Our thanks to the organisers for having the vision to inspire  
and remind us what a lovely and special place we live. The  
two villages combined to open the weekend and share a  
lovely summer evening with music and food and drinks in the  
lovely setting of Butterwick Parish Church.

We were so pleased that the ever - popular local musical  
duo Paul and Salvo came making the evening even more  
special. They played in the marquee whilst children tried a  
selection of traditional games such as quoits and croquet.  
Folks were drawn from many villages along the Wolds and it  
was a pleasure to see the whole community just enjoying  
themselves.

Proceeds of a whopping £784.00 from the weekend are to  
be shared between Butterwick church and the Foxholes  
Community Hall. All the contributions of raffle prizes are very  
much appreciated, with a special thank you for support from  
the Blue Bell Inn, Wolds Stoves, Foxholes Garage, The Star,  
Wold Top Brewery and Bannisters farm shop. The large and  
varied number of donations from individuals ensured the  
raffle was hugely popular.

In the refreshment tent at Butterwick over the weekend there  
were further surprises. Thanks to the kind donations of many  
scrumptious cakes, we were able to augment the drinks with  
wonderful homemade baking, and even offered a  
very popular cake stall.
